Audience

DEMO- GRAPHICS

The Festival is attended by people from all over the nine-county San Francisco Bay Area. The Bay Area represents one of the world's great regional economies. It successfully competes in the global market as a knowledge-based economy powered by its wealth of research, technology, and innovation. If the Bay Area were a country it would rank about 20th in the world

The Bay Area's population consists of 6.5 million people within three metropolitan centers: San Francisco, San Jose and Oakland. The gross regional product exceeds \$200 billion and ranks fifth in the U.S. The region is top ranked nationally for its proportion of scientists, lawyers, computer programmers, musicians, engineers, business consultants, authors, physicians and artists.

The tree-lined, freshly cut lawn of San Francisco's Civic Center Plaza is surrounded by some of the city's most important institutions. City Hall, retrofitted and gilded in 1999, houses the mayor's office, the Board of Supervisors chambers and a number of other government offices. The nearby Veteran's Building contains the Herbst Theater and a 1,000-seat lecture hall. On the corner of Gough and Van Ness is the modern Louise M. Davies Symphony Hall, home of the San Francisco Symphony
